

STREET NAMING CONVENTIONS

The Douglas County Subdivision Ordinance requires that proposed street names are to be shown on the preliminary plat, this is stated in Section 6.3, number 6, part a. The following document must be completed, reviewed and signed by the following entities in the order in which they are listed in the approval of new street names. This documentation is necessary for a number of reasons. The Township may have particular naming that they require within their boundaries and the Survey Division is responsible for providing addresses for the 911 addressing system.
